

# Buyer profiles

We have a diverse range of dental practices available across the country, providing our registered buyers a variety of purchase opportunities to suit their specification.

## 1st Practice

Dentists looking for their first business venture, after numerous years clinical experience.

## Corporate Buyers

All Dental Corporates in the UK use Henry Schein Dental Practice Sales to assist them in the growth of their company.

## Family Teams

In keeping with the family ethos of some practices, these teams ensure the feel of the dental practice is the same even after changing hands.

## Multiple Practice Buyers

Practice owners who are looking for a second or third practice, working clinically across all sites.

## Associate Buy-Out

Associates working at a practice, looking to buy out the current Principal.

## Small Group Buyers

Multi practice owners who are growing their own group of practices, who at times can pay above market rate for the right dental practice.

## Investment Buyers

From our professional network, we can source private equity companies looking to maximise their returns through investment in the dental sector.

## Overseas Buyers

Dental clinicians from overseas i.e. Ireland, Spain and Germany, who are looking to purchase a dental practice in the UK.
